

Employee Related Injury on the job

If there is an injury to an employee during work hours, this falls under workman's compensation policy. Please visit the CPT website for the current and up to date process. Immediate notification is encouraged. www.cptrehab.com/benefits

Employee Related Injury off the job

If an injury to an employee happens outside of work, it is up to the employee and their physician to decide if they are able to work. Please refer to the employee manual for further details. No physical restrictions are allowed when returning to work.
